## How Mindful Education are supporting our partners with the transition

1. The Mindful Education AAT team is reviewing the new specifications and updating, adapting and refreshing our courses to match the content of the new qualifications
2. Our AAT courses at Level 2, Level 3 and Level 4 will all be fully updated and ready for you to deliver to learners in time for the launch of the new specifications
3. Partner updates: In **May and June 2021** we will be running a series of webinars for our partner colleges to provide an overview of the new specifications and how we will be supporting our partners to deliver them through:
  - Detailed training on the specifications
  - Planning for delivery
  - Preparing the transition from AQ2016
4. Detailed training: from **November 2021 to February 2022** we will offer online training sessions for every partner college delivery team
